

AMENDMENT TO THE CLAIMS

Claims 67-70, 75, 77, and 78 have been amended. Please delete claims 49, 50, 73 and 74 without prejudice or disclaimer.

Claims 1-48. (Previously canceled)

Claims 49 and 50. (Currently canceled)

Claims 51-66. (Withdrawn)

Claim ~~67~~². (Currently amended) A transfer resistant cosmetic composition according to claim 49, comprising:

(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and

(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate; and

wherein said transfer resistant cosmetic composition is a water/oil emulsion foundation.

Claim ~~68~~². (Currently amended). A transfer resistant cosmetic composition according to claim 50, comprising:

(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and

(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate,
wherein said transfer resistant cosmetic composition comprises at least one radial copolymer film former and at least one tri-block copolymer film former;
and

wherein said transfer resistant cosmetic composition is a water/oil emulsion foundation.

3
Claim ~~69~~³. (Previously added) A transfer resistant cosmetic composition according to claim ~~67~~¹, wherein the water phase of said water/oil emulsion further comprises at least one film former.

4
Claim ~~70~~⁴. (Previously added) A transfer resistant cosmetic composition according to claim ~~68~~², wherein the water phase of said water/oil emulsion further comprises at least one film former.

5
Claim ~~71~~⁵. (Previously added) A transfer resistant cosmetic composition according to claim ~~69~~³, wherein said film former of said water phase is a PVP/VA copolymer film former.

6
Claim ~~72~~⁶. (Previously added) A transfer resistant cosmetic composition according to claim ~~70~~⁴, wherein said film former of said water phase is a PVP/VA copolymer film former.

Claims 73 and 74. (Currently canceled)

Claim ⁷~~75~~. (Currently amended) A transfer resistant composition according to claim ⁵~~73~~ ~~71~~, wherein said composition further comprises organo-clays.

Claim ⁸~~76~~. (Previously added) A transfer resistant composition according to claim ⁶~~74~~ ~~72~~, wherein said composition further comprises organo-clays.

Claim ⁹~~77~~. (Currently amended) A transfer resistant cosmetic composition according to claim 49 comprising:

(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and

(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate; and

wherein said additional film former is an Allyl Stearate/VA copolymer film former.

Claim ¹⁰~~78~~. (Currently amended) A transfer resistant cosmetic composition according to claim 50 composition comprising:

(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and

(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,

with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate,

wherein said transfer resistant cosmetic composition comprises at least
one radial copolymer film former and at least one tri-block copolymer film former;

and

wherein said additional film former is an Allyl Stearate/VA copolymer film former.
